**Proposal:**

Your proposal should include detailed information about the work you intend to complete and present for your BFA Exhibition. Please begin with the conceptual information, its relation to your area of concentration and how it is an extension or development of your current work. Also, the medium of the work; the approximate size; whether the piece consists of a series of works (a diptych or triptych); if the work is a wall piece or free standing; etc. You should begin working on this piece now so that you present a developed and complete piece for your exhibition and may fulfill this academic requirement for graduation.

**Please type on a separate sheet, sign and date your proposal, and attach. Only typed and signed proposals will be accepted.**
